

An employer supported volunteering (ESV) day is an opportunity to take part in a project to give something back to the local community. Volunteering can boost morale, improve staff retention and help staff to develop as individuals, bringing their new found skills, confidence and enthusiasm back into the workplace.

Chester Voluntary Action (CVA) has extensive knowledge of the local community and voluntary sector. We support ESV days that provide cost effective solutions for employees, businesses and the wider community.

CVA provide 3 packages of support for teams of up to 40 volunteers - please refer to the table overleaf for more information. If your team is larger than this, please contact us to discuss. We offer a sliding scale fee depending on the size of your business.
